## Recommendation of provision of fire extinguisher services

I am writing to recommend the services of Enviro Limited. The company has been providing fire extinguishers as well as servicing them for the past six years at the AAHI warehouses within Juba. Their services have been professional and we have had no complaints thus far.

I feel confident in recommending Enviro Limited Company fire extinguisher services.

If you have any further questions, please feel free to contact me.

Sekalala Moses

Warehouse manager
